You are invited to begin Advent by enjoying a diverse collection of creches and their stories, having some punch and a cookie or two, listening to seasonal musical selections and joining us in singing Christmas carols. Last year we displayed 125 creches!

One of our guests wrote, "This Season of Love became quite real to us as we sang familiar Christmas songs, looked at an unbelievable number of different creche sets, and spent time with church members. It is amazing how such simple things when shared can bring warmth and love to an open heart."
